Miss Kathleen Parlow,
53 Sussex Avenue,
Toronto 4, Canada.

Dear Miss Parlow,

I must apologise for this somewhat belated reply to your letter of July 10th. I am glad that you let me know that you are now ready to consider disposing of your Guarneri Violin and I would be very pleased if you entrust it to me for sale.

I doubt however if anybody would be able to sell your Violin for you in the present market for anything near the amount of $30,000.-. which you would like to get, but I have a customer who might pay a price in the neighborhood of $20,000.-. for the instrument. If you would consider this I would be glad to use every effort to conclude the deal for you.

I am not planning to come to Canada in the near future but the opportunity may of course arise wny time. I would appreciate hearing from you again to let me know if you would consider letting me handle the sale of your Violin for you ?

With best wishes and cordial greetings,

As ever yours very sincerely,

Emil Herrmann
